

For the first time in history over 40 Inventors Association Leaders and Inventor advocates have united. We have formed an organization called the Inventors Groups of America (IGA) inventleaders.org. We have been meeting since July 2017 and our mission is to educate, empower, and help innovators navigate the path for protecting and commercializing their intellectual property.

We invite you to help inventors from around the country continue to do what they do best: innovate! Successful inventors file intellectual property, build prototypes, attend trade shows, and require assistance from engineers, advertisers, artists, and manufacturers. All of these activities add to our economy! Inventor groups exist to help support, teach, mentor and connect inventors to local resources. Please consider sponsoring IGA in it's goal of educating and empowering inventors.

Additionally, your support will help make possible an historic event taking place April 17-19, 2018 at the United States Patent and Trademark Office, on Capitol Hill, and at the Lemelson Center for Innovation at the Smithsonian Museum of American History. Our first-ever national conference is being hosted by the United Inventors Association and Inventor's project.

1 Year Platinum \$5,000

Benefits of sponsorship – Recognition, Exposure, Connection on a National Level.

- ✓ Logo and link on IGA website
- ✓ Logo and link in IGA monthly newsletter
- ✓ Company overview on IGA website
- ✓ Signage at IGA events, including National Conference
- ✓ IGA sponsorship logo for your use
- ✓ Recognition and acknowledgement at IGA monthly meetings
- ✓ Invitation to deliver best practices content to IGA members

Today, more than ever, we need your support. Leaders and members of the inventing community need to have their voices heard on the important topic of patent reform and other relevant issues. Inventors Groups of America represents thousands of individual inventors and inventing organizations from around the country who need someone to present their case. This conference, the first of its kind, offers us the chance to speak on behalf of the inventing community directly to decision makers.

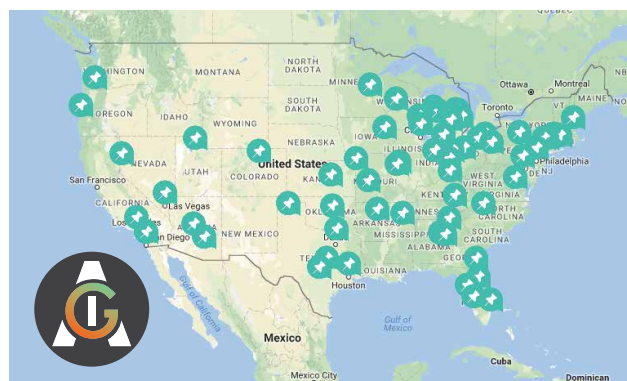

Inventor organization are non-profits and are run by dedicated volunteers. We need your help to sponsor these leaders to attend this important conference.

For the first time, inventors will have a voice in Washington DC! You will have supported their cause as well as established relationships with potential clients along with receiving publicity and goodwill.
